TERMS and CONDITIONS of SALE

The properties listed in this catalogue are offered and sold by A. Kosoff, Inc., and Numismatic Enterprises (cataloguers) as agents for the Consignors on the following terms and conditions.

1. Bidding shall be by Lot Number, no lots will be broken.
2. No BUY or UNLIMITED bids will be accepted. Please do not ask for exceptions.
3. NO commissions are charged for handling your mail bids. Shipping and insurance costs only will be added to your invoice.
4. Bidders unknown to the Cataloguers should supply suitable references or a deposit equal to 25% of their bids.
5. The Cataloguers reserve the right to withdraw any property at any time before the actual sale.
6. The Cataloguers reserve the right to reject a bid from any bidder. The highest bidder acknowledged shall be the purchaser. In the event of a dispute between bidders, the auctioneer shall have the sole discretion.
7. If the auctioneer determines that any opening bid is not commensurate with the value of the lot, he may reject the bid and withdraw the lot from the sale.
8.
 - a) The Cataloguers apply long experience and care in grading and authenticating all of the properties listed in this Catalogue. Errors do occur and the Cataloguers will gladly make satisfactory adjustments. However, as agents for the consignors, the Cataloguers are bound by agreements. Our settlements must be made in accordance with the terms of those agreements. Accordingly, ALL CLAIMS MUST BE INITIATED WITHIN 30 DAYS AFTER THE CLOSE OF THE SALE.
 - b) Claims involving grading or errors in the Catalogue should be made within 7 days of the receipt of the coins.
 - c) No claims, for whatever reason, can be considered after settlements have been made with consignors.
9. See Special notice on BIDDING.
10. Values following descriptions of coins are estimates only and do not represent reserves or guarantees of any kind. Selling prices may be higher or lower than the estimates.
11. An official list of Prices Realized will be published soon after the sale. You may order it by checking your BID SHEET. Two Dollars will be added to your invoice.
12. Lots will be on exhibition at the Biltmore Hotel beginning Thursday morning at 10:00 a.m., October 31, 1968.

BIDDING

Cataloguers have long taken for granted that all collectors are familiar with the operation of an auction sale. Questions coming to us recently indicate that this is not so. Many collectors would like to know more about how a sale is conducted. The following is an attempt to answer these questions.

BIDDING BY MAIL

Obviously not all collectors who receive this catalogue can attend the sales in person. Yet they would like to participate in the bidding.

These collectors may do so by sending in a BID SHEET on which they indicate the lot number and the amount of their bid. Thus:

	<u>LOT NO.</u>	<u>DESCRIPTION</u>	<u>BID</u>
(Fictitious Example)	1	1856 Cent	\$2170.00

The amount bid is the maximum which the bidder may be charged. If competition permits, the bidder may be charged less than the amount bid. If, for example, the second highest bid on lot number 1 is \$2,000.00, then an advance of 5% will bring the bidding to \$2100.00, and this is the amount at which lot number 1 will be billed out to the bidder, despite his bid of \$2170.00.

You may bid generously with the assurance that you will buy the coin for less if it is at all possible.

At the same time, we frequently receive identical bids on certain lots. As each BID SHEET is received it is numbered and bids are entered in our Master BID BOOK by Bidder numbers. The only fair way is to give preference to the first of the identical bids.

BIDDERS sometimes want 1 coin of a certain type. There may be 3 or 4 coins of that type listed. You may indicate that you want only one of the 3 or 4 lots. Success on one lot automatically eliminates the others. Failure on a lot will transfer the bid to the next coin and so on.

BIDDERS frequently request a dollar-limit to their purchases. We can handle that situation for you as well.

A misconception exists concerning the opening bid at a public sale. We do not use the highest mail bid as an opener. The highest bid may be \$100.00 but if the next highest bid is only \$80.00 the opening bid will be \$85.00 or approximately 5% above the second highest bid.

Should there be no floor bidding the bidder submitting the \$100.00 bid will be awarded the lot at \$85.00. Should there be an advance by a floor bidder, we will represent the mail bidder until his \$100.00 bid is exceeded.

Mail Bids are kept secret. It would be unfair to Mail Bidders if we revealed such information. If it would be fair to reveal it to one collector it would have to be done for all. Please do not ask for exceptions to this rule.

MAIL BIDDERS may have the opportunity to examine lots prior to bidding. References should be supplied if you are not known to the Cataloguers. Shipping and insurance charges both ways are your only cost.

If you cannot attend you might also consider having a dealer or collector friend represent you at the auction to do your bidding. Dealers usually charge a very nominal fee for this service and will often examine the lots for you as well.

Finally, if there are still some questions you would like answered, send them to us. We will try to clarify them for you.

NOTES REGARDING GRADING

In this catalogue the reader may notice that in most instances there is a number accompanying the grading of the coin. This numbering system stems from a practice instituted by Dr. William H. Sheldon in his grading of early american cents. We feel that the scale for grading will give the collector a better impression of the condition of the coin described. The scale runs from 1 through 70, perfection being 70, 65 mint state and downward. The scale is as follows:

Uncirculated	MS	70	THROUGH	MS	60
About Uncirculated	AU	55	THROUGH	AU	50
Extremcly Fine	XF	45	THROUGH	XF	40
About Extremely Fine	AXF	35			
Very Fine	VF	30	THROUGH	VF	20
Fine	F	15	THROUGH	F	12

Although this scale of grading will never do away with the individual differences in the viewing of the condition of a coin it is, we feel, another step toward better cataloging.
